Visit any doctor,
no referrals needed

**Aetna Open Access[®]
Managed Choice[®] Plan**

www.aetna.com

It's time to start comparing health insurance plans

Here's one that lets you visit any doctor, anytime you need care. No referrals are needed.

And you don't need to choose a **primary care physician (PCP)** either.* But you may want to, so you can get the most value out of your plan. PCPs do more than give you a checkup. They build a relationship with you and help you stay healthy. Plus, you may even lower your costs by having a PCP.

With this plan, you also get access to our tools, tips, programs and services. Using them lets you find network doctors, estimate costs and more.

Your options	Pick your doctor	How it works
Network option	Choose any PCP from Aetna's network. Or, go to any network doctor without a referral. <i>Network doctors contract with Aetna to offer rates that are often much lower than their regular fees. This helps you save.</i>	Visit your PCP or network doctor, who will: <ul style="list-style-type: none">• Provide care when you are sick or hurt• Get approval from us before giving you certain services**• File claims for you Visiting any network doctor who is not your selected PCP may cost you more out of pocket.
Out-of-network option	Choose any licensed doctor or specialist without a referral. <i>A specialist is a doctor who focuses only on treating certain conditions or diseases. For example, a dermatologist treats skin conditions.</i>	When you visit the doctor, you may have to: <ul style="list-style-type: none">• Get approval from Aetna before receiving certain services**• File your own claims• Pay the difference between the amount paid by your plan and the amount charged by your doctor Your out-of-pocket costs are typically higher when you see an out-of-network doctor.

*In Texas, PCP is known as physician (primary care). In the State of Washington, PCP refers to primary care provider.

**In Texas, this approval is known as "pre-service utilization" review and is not "verification" as defined by Texas law. In case of emergency, call 911 or your local emergency hotline, or go directly to an emergency care facility.

Health insurance plans are offered, underwritten and/or administered by Aetna Life Insurance Company (Aetna). In Florida, by Aetna Life Insurance Company (Aetna). Each insurer has sole financial responsibility for its own products.

Take advantage of all your health plan has to offer

Finding a PCP or network doctor is easy

Use the DocFind® online directory. The new one-step search lets you find the right doctor in a snap. Just enter a name, ZIP code, condition, procedure or specialty in the search box. You'll also find maps, directions and more. Try DocFind at www.aetna.com.

Or get a printed directory. If you are already an Aetna member, call Member Services to get one. The toll-free number is on your Aetna ID card. If you're not an Aetna member yet — or haven't received your ID card — call **1-888-87-AETNA (1-888-872-3862)**.

Sign up for your members-only website

When you're an Aetna member, you get tools and resources to help you manage your health and your benefits. All of your plan information and cost-savings tools are in one place — your Aetna Navigator® member website. When you sign up and use it, you're not just a member, you're **a navigator**. Navigators are smart about their health care. Sign up at www.aetna.com.

Meet Ann, your virtual assistant

Ann can help you sign up for Aetna Navigator. She can even help you find a doctor, estimate the cost of services, answer questions about claims, ID cards and more. She *never* sleeps, so chat with her anytime.

Here's a way to estimate costs once you enroll

Our Member Payment Estimator lets you compare and estimate costs*** for office visits, tests, surgeries and more. You can see how much you'll have to pay and how much Aetna will pay. To use Member Payment Estimator, log in to Aetna Navigator.

***Estimated costs not available in all markets. The tool gives you an estimate of what you would owe for a particular service based on your plan at that very point in time. Actual costs may differ from the estimate if, for example, claims for other services are processed after you get your estimate but before the claim for this service is submitted. Or, if the doctor or facility performs a different service at the time of your visit.

Questions? Give us a call.

When you have a coverage question, Member Services is ready to take your call. The toll-free number is on your Aetna ID card.

Or use our automated phone system. You can order an ID card or ask for a claim form and mailing address. The system works with your voice and your phone's touch tone (when you need privacy). You can also speak to Member Services during regular business hours.

All health plans are different. To find out what your plan covers, check your plan materials. If you don't have them, ask your employer. Or, if you're already an Aetna member, call Member Services for help.
