

Save money on hearing aids

Your plan includes discounts on hearing aids and other hearing services

Be sure to check your hearing benefits first:

- **If your Evidence of Coverage (EOC) says you need to see a NationsHearing® provider**, be sure to call them at the number listed in your EOC.
- **If your EOC doesn't say you need to see a NationsHearing provider**, you can choose from any of the discount vendors listed here.

What do you need to know about hearing discounts?

You can choose from three hearing services vendors to access these discounts. The vendors are Hearing Care Solutions, Amplifon Hearing Health Care and NationsHearing. Each vendor offers different pricing and features. But they all offer a hearing exam at no extra cost.

Discounts are in addition to any hearing benefits you may have. You can find these details in your EOC. Your coverage may offer better pricing than these discounts.

Call the vendor to use your discounts

To use your discounts, you'll need to reach out to the vendor. They'll help you set up an appointment with a local provider. If you call a local provider directly, you may not get the discounts.

You may want to look at a few different factors when choosing a vendor. You can check with the vendors to see if there are providers close to you. And you can ask about their pricing and features.

See Evidence of Coverage for a complete description of plan benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by service area. Discount offers provide access to discounted services and are not part of an insured plan or policy. Discount offers are rate-access offers and may be in addition to any plan benefits. Check any insurance benefits you have before using these discount offers, as those benefits may result in lower costs to you than using these discounts. Aetna makes no payment to the discount vendor. The member is responsible for the full cost of the discounted services. Aetna may receive a percentage of the fee paid to a discount vendor
