Step 1: Get a prescription from your doctor for each maintenance medication (typically a 90-day supply) that you or a family member is taking. Please write your Date of Birth and Aetna Member ID Number on all prescriptions.

Step 2: Complete and mail the attached Aetna Rx Home Delivery **Order Form** and **Patient Registration Form** along with your new prescription(s) and payment to Aetna Rx Home Delivery.

OR: Have your doctor fax your prescription(s) and completed **Order Form** to 1-866-681-5166

Note: Your shipment of medication(s) may be delayed if we do not receive payment in full at the time of order or if your forms are not filled out completely.

Refilling Prescriptions

Ordering refills is easy. There are three methods to choose from:

1. Online

Visit www.aetna.com/aetnarxhomedelivery. Once you log in you can order refills, track your order and more.

When a prescription has no refills remaining, please get a new prescription from your doctor, then complete the Order Form (available online at www.aetna.com/aetnarxhomedelivery). Mail the form, new prescription and payment to Aetna Rx Home Delivery.

2. By Phone

Call Aetna Rx Home Delivery toll free at 1-800-504-2386 (TDD: 1-800-823-6373). Provide your Aetna Member ID Number, your prescription number and your credit card number.

3. By mail

Complete the Order Form or the Reorder Form and mail with payment in full to the address listed on your form.

Order Forms are available online at www.aetna.com/aetnarxhomedelivery.

Each time you receive your medications from Aetna Rx Home Delivery, you will also receive a prescription receipt that indicates when you can place your next refill order. Please allow 14 days for the processing of your orders.

Please note that most prescriptions, including refills, expire within one year (sometimes sooner) from the date they are written. After the expiration date, you must get a new prescription from your doctor, even if your prescription label still shows refills remaining.

Important Information

- Prescriptions for medications to treat an acute condition, such as an infection, should be filled at your local participating retail pharmacy.
- You may only get medication amounts authorized by your doctor. For example, if your doctor writes your prescription for a 30-day supply with two refills, you will only receive one 30-day supply at a time. If your doctor writes a prescription for a 90-day supply with two refills, you will receive one 90-day supply at a time. Maximum days supply is determined by your plan.
- Using FDA-approved generic medications instead of brand name drugs can help reduce your out-of-pocket costs. In accordance with pharmacy law, a generic medication may be substituted for brand medication, unless your doctor indicates otherwise on the prescription. If you would like to receive the brand name medication, please ask your doctor to write your prescription for brand only.
- If you are taking a specialty medication, please contact Aetna Specialty Pharmacy toll free at 1-866-353-1892. If you are unsure if you are on a specialty medication, please visit www.AetnaSpecialtyRx.com for more information.
- We are unable to accept medications for return. If you have any questions about our order return policy, please call Customer Service.
